

"2020 Fusion creates amazing 3D photo-realistic images and plans. We do not sell or install cabinetry ; therefore, we are able to suggest multiple manufacturers & products which can be represented with images (catalogues) within 2020 Fusion to achieve designs that are un-biased and impartial and that deliver on the needs of our clients."—*Alberic Bentley, Owner and Designer at Bentley Designs*

Bentley Designs is located in Johannesburg South Africa and has been in business for just over 5 years. Bentley Designs uses 2020 Fusion to provide professional consultation services for kitchen, bedroom and bathroom design planning. Bentley Designs works with clients to achieve perfect spaces through 2020 Fusion's 3D designs—bringing their ideas to life!

BENTLEY DESIGNS IS SERVICED BY MAXIMA SOFTWARE, OUR VALUE-ADDED RESELLER:

In operation since 2001, Maxima Software delivers design, sales and manufacturing solutions for the kitchen, bathroom and interior design industries in Southern Africa. It develops, distributes and supports some of the most innovative software solutions in the industry including 2020 solutions providing clients with the competitive edge they need. Maxima takes the support of their exceptional products very seriously, as well. With a nationally-based support system, it can provide assistance when clients need it most.

At Maxima it's not just about who they are; it's about what they can do for you.
