Key Features

Space planning

Draw walls, doors & windows, cabinets, sloped ceilings and more with our easy-to-use interface. Try multiple designs quickly and generate perspective views automatically, right from the plan. Print plans with detailed dimensions and labels for your installers and sub-contractors.

Lighting

Applying lighting to your designs has never been easier. Simply place light fixtures, sunlight or ceiling lights in your project and the rendering is updated in real time. Present the design at different times of day to give a full effect.

Content libraries

Manufacturer catalogs for 2020 Design kitchen and bath software give designers an unprecedented opportunity to specify and visualize designs with real products. With 2020 Cloud, you can rest assured that the catalogs are always up-to-date! In addition, easily access built-in texture libraries from industry vendors, such as Alvic®, Sherwin-Williams® and WilsonArt® or import 3D SketchUp or AutoCAD® models from online libraries.
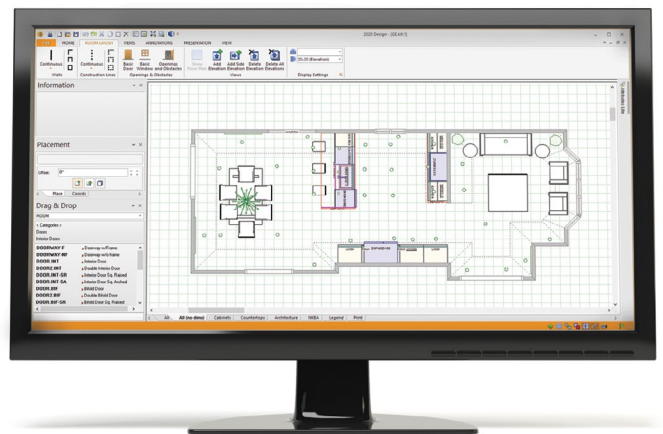

Stunning presentations

Impress your clients with stunning renderings and 360° panoramic views of your bathroom, kitchen and closet designs! Give your clients the immediate understanding they need to communicate effectively with you and make their decisions faster and easier than ever before.

Accurate quoting & ordering

Built-in pricing makes it easy for you to provide clients with accurate project estimates. When it's time to order, your order lists are already built and ready to send to your vendors.
