

2020 Design

System Recommendations for Version 11.11

Actively Supported Operating Systems

PC Operating Systems (64 bit): Windows 10, Windows 8/8.1, Windows 7

MAC: Apple Macintosh using Bootcamp

Minimum Hardware Specifications

Processor: 2.0 GHz Quad Core CPU

System Memory: 4 GB RAM

Disk Space: 10 GB free disk space for installation

Graphics Card: NVIDIA GeForce 8800/ATI Radeon HD 2600 (512MB minimum) or better*

Security Device: Free USB port for the 2020 Design license (dongle). For Cloud (soft key), the USB port is not needed.

Recommended Hardware Specifications

Processor: Intel Core i7 or AMD equivalent

System Memory: 8 GB RAM

Disk Space: 10 GB free disk space for installation

Graphics Card: NVIDIA GeForce GTX 750 or ATI Radeon HD 6950 or better*

Optical Drive: DVD-ROM. A DVD-ROM is required to install 2020 Design and catalogs when Internet access is not available.

Security Device: Free USB port for the 2020 Design license (dongle). For Cloud (soft key), the USB port is not needed.

Notes:

- Pointing Device: 2-button scroll mouse
- High speed internet connection for updates
- Purchasing a computer with a solid-state drive will make the entire designing experience more enjoyable.
- Running 2020 Design Version in a virtual environment such as VMware or Parallels will impact rendering performance.
- A dedicated graphics card is recommended.

To use an Oculus Rift system to view 360 panoramic renderings, please refer to their **Recommended** hardware specs at <https://www.oculus.com/rift/>

*To validate whether your (selected or existing) graphics card is supported please [refer to the Redway3D supported GPU list](#) for a detailed list of recommended graphics cards.
