The benefits

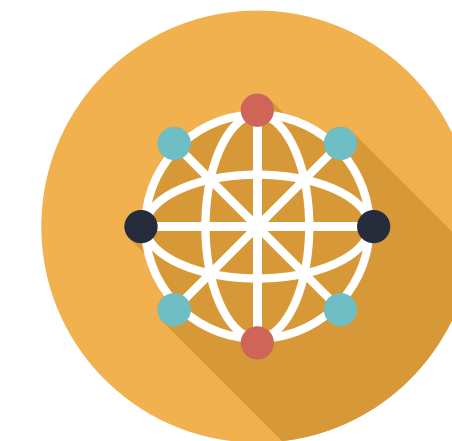

Easily design & manage professional projects

Design using a wide selection of manufacturers' catalogues

Captivate with powerful presentations

Benefit from our strong industry presence

Powerful design & project management tools

Flexible & Smart Designing

Quickly and easily add all your design items in any 2D or 3D view, using mouse and/or keyboard, with our intuitive, task-driven interface. Take advantage of many time-saving automation tools to complete common or repetitive tasks with maximum efficiency. Save your favourite product combinations and recall them in any of your future designs.

Rendering & Presentation Power

Personalise your designs by importing photographs of the exterior views from your customers' homes. 2020 Fusion Live lets the sun shine in with its ability to add natural lighting effects that make the most of your designs' colours and textures.

Real-Time Dimensions & Annotations

Automatically dimension and annotate both plan and elevation views according to industry standards. Insert installation symbols or add your own dimensions and notes to truly customise your designs.

Complete Tiling & Covering Solution

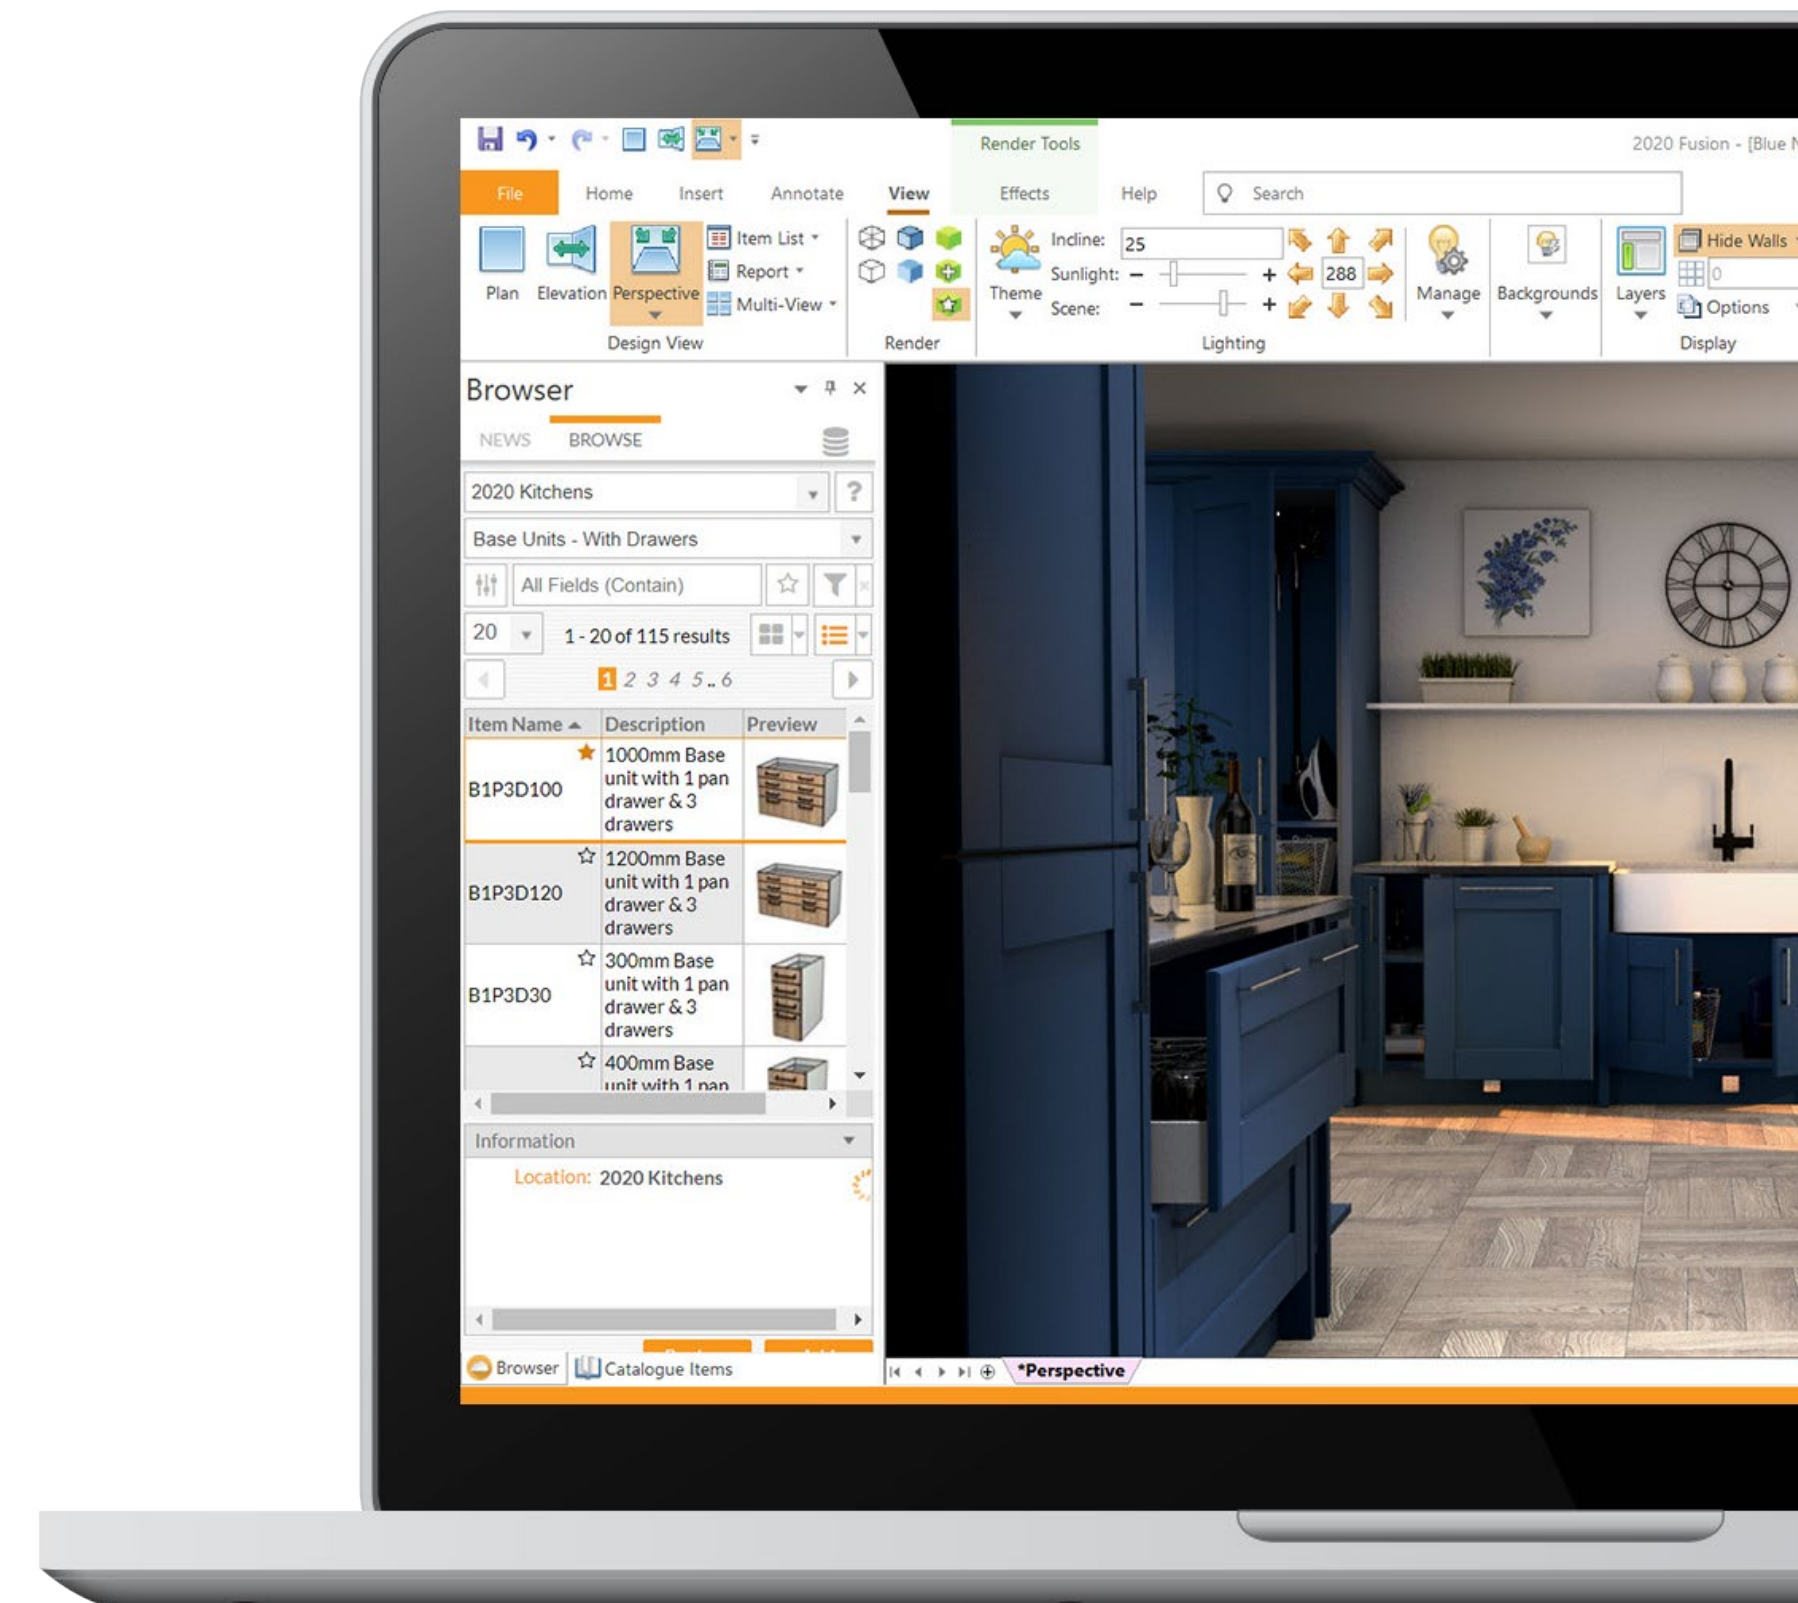

Enhance your designs with a wide variety of coverings, including tiling, flooring, carpets and wallpaper. Apply a variety of patterns, place individual feature tiles and insert manufacturer-specified combinations. In addition, 2020 Fusion Live automatically validates your choices and calculates the amount of material you will need to complete the project.

Wide Selection of 3D Models

Benefit from the ever-expanding 2020 Cloud decorative catalogue with thousands of graphic items to add extra realism to your designs. Also add free SketchUp™ models directly from the Trimble 3D warehouse or import 3D models in many standard file formats.

Integrated Project Management Tools

Stay on top of each project from start to finish by tracking orders, tasks, delivery dates and payments with fully integrated customer management tools in 2020 Fusion Live.

Real-time manufacturers' catalogues

Searching Made Easy

2020 Fusion Live includes comprehensive search capabilities to easily find any product across all 2020 Cloud catalogues.

There's no need to look through each catalogue individually or to know a specific product code.

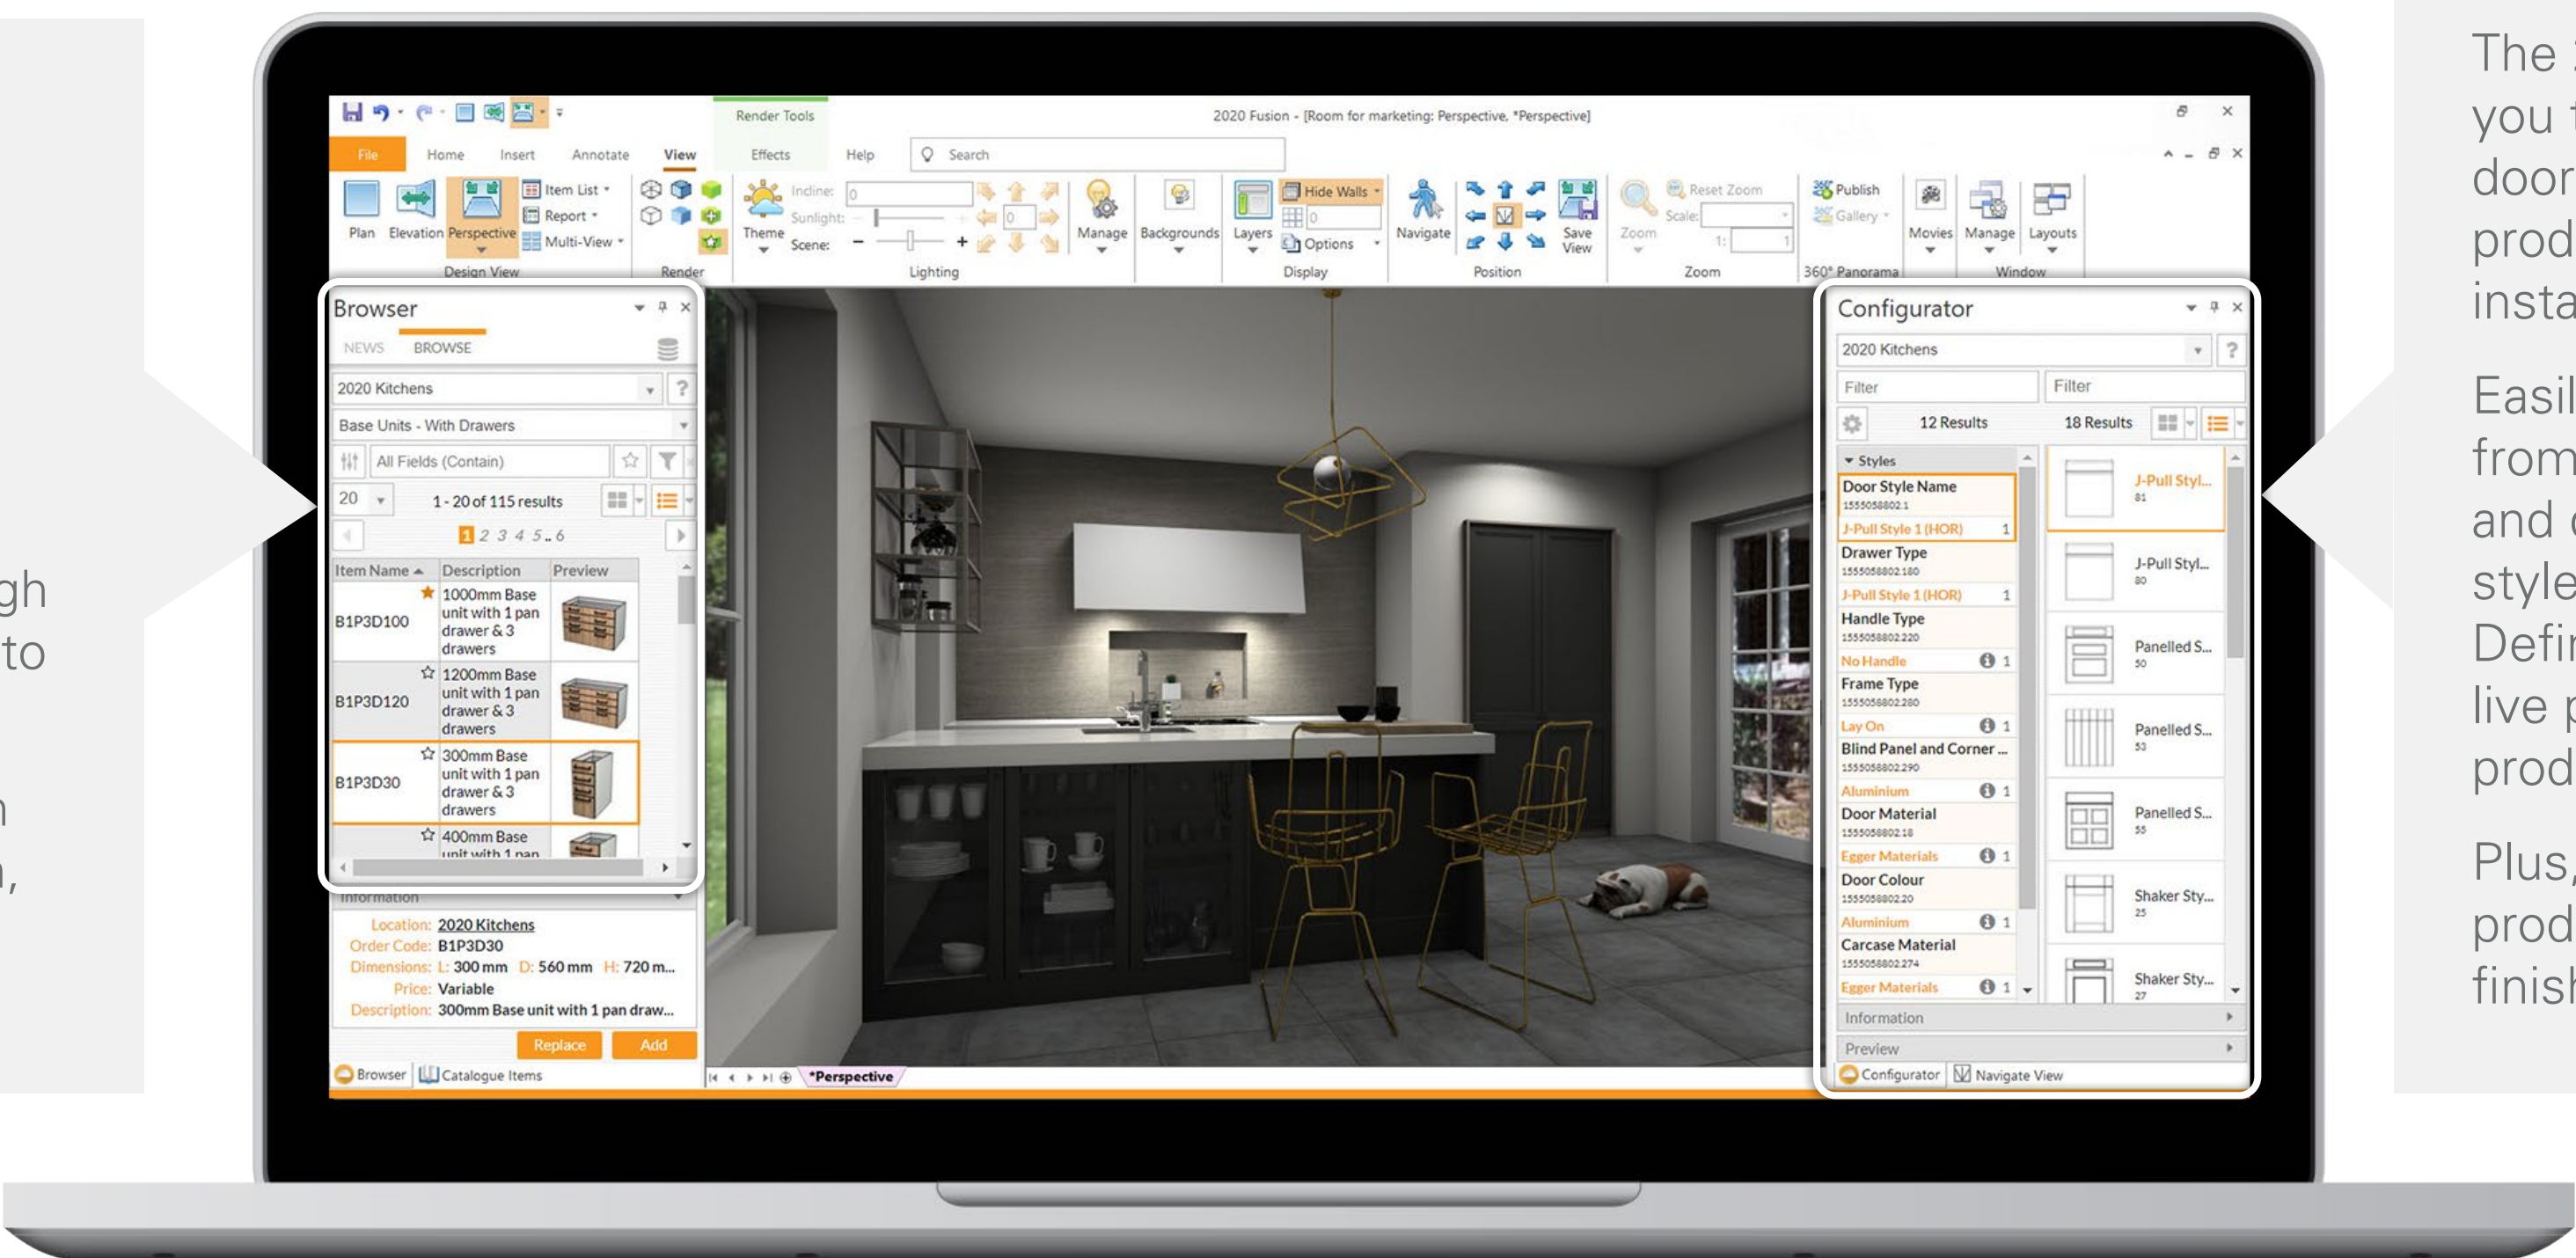

With advanced filters, you can locate products by description, partial product codes or even dimensions.

Powerful Item Configurator

The 2020 Cloud configurator allows you to intuitively change multiple door styles, finishes, handles, product dimensions and more in an instant.

Easily add associated products from other relevant catalogues and quickly identify any product styles that require validation. Define default styles and see a live preview of a fully configured product.

Plus, use text filters to easily find product options such as paints or finishes.

Don't just take our word for it...

"I love 2020 Fusion, especially its user-friendly interface and high-quality renderings!"

IDIL SINDIR, DESIGNER KITCHEN DIRECT

"I've used many 3D software programs during my studies and in my career. What surprised me the most is how user-friendly 2020 Fusion is."

YAPRAK YALCINKAYA, DESIGNER KITCHEN DIRECT

"When we opened our business, 2020 Fusion was an easy choice as we were already familiar with it and we knew the manufacturers' catalogues were already in place."

DAVID FITTON, MILL TOWN KITCHENS

"2020 Fusion really helps my customers visualise their spaces, resulting in the room they've been dreaming of!"
