

2020

AUTHORIZED PARTNER

2020 Cap, the design professional's choice for AutoCAD-based space planning and specification software.

2020 Cap is an integrated software suite that automates the design and specification process. It consists of three base applications, 2020 Cap, 2020 Worksheet and 2020 Visual Impression. 2020 Cap is an AutoCAD-based space planning tool, 2020 Worksheet is used for product specification, pricing and creating proposals and 2020 Visual Impression provides a quick, 3D rendering of your design.

We are committed to our customers.

New Customer Onboarding

- We want you to be up and running as soon as possible. Within 24 hours of your initial purchase, we will invite you to join an onboarding webinar where you will learn how to quickly get your 2020 Cap software up and running and how to access all the resources you need.
- Our customer success team is dedicated to your success. For 24 months after initial purchase, a representative from the customer success team will contact you on a regular basis to assess your needs and address your questions.

Product Support

- Product support: How can we help you? [Just send us an e-mail](#)
- Product upgrades: Access 2020 Cap product upgrades directly from your 2020 Cloud Account—[access updates here](#)
